o = assistance available for this practice (green = financial; blue = technical)

p = limited to personal consumption only; buffer plants or products cannot be harvested or sold for income

^{*} financial assistance through REAP is available only as PA state income tax credits

a = Stroud assistance is available on a site-specific basis on farmland in portions of Berks, Chester, and Lancaster counties

d = DCNR grants cover grasses/forbs and buffer fence if not a major component of the funding request and necessary for buffer success; biomass buffers and pollinator habitat eligible if planted streamside using mostly woody species
